WORK EXPERIENCE

Financial Analyst | **06/2025 – Present**
Appedology Pvt Ltd. — Karachi

- Reconcile $7M+ in monthly financial transactions for the Check Processing & Reconciliation Team, maintaining 10+ reports and dashboards serving 3 cross-functional teams with high-accuracy executive reporting.
- Automated financial workflows via systems development and custom tool implementation, reducing manual reconciliation turnaround time by 40%.
- Evaluate vendor payment cycles to detect discrepancy root causes and build predictive reporting models to forecast cash flow requirements for senior leadership.
- Author technical process documentation for bank management and compliance, mapping financial data integration workflows using MS Visio.

Reporting Executive | **07/2024 – 05/2025**
ABIC - Mudita (Pvt Ltd) — Karachi

- Designed and delivered 30+ automated dashboards for inventory variance, RMA tracking, and ASN processing by integrating 5 disparate data sources, providing real-time operational visibility for T-Mobile stakeholders.
- Reduced report generation time by 75% (from 2 hours to 30 minutes) while achieving 99% data accuracy across all reporting outputs.
- Evaluated Workforce Management Analytics to streamline reporting workflows, ensuring seamless data integration across client telecom systems.
- Authored technical specifications and Business Intelligence (BI) reporting standards, maintaining data integrity across operational units.

Reporting Analyst (Part-Time) | **01/2020 – 12/2024**
Anfal Enterprises — Karachi

- Delivered daily operational reports tracking performance data across 300 retail stores, integrating hybrid legacy systems to provide actionable store-level metrics for regional management.
- Identified ~20 underperforming store locations through data analysis, contributing to the restructuring of 5 stores and a ~10% reduction in operational costs.
- Evaluated historical financial trends to create predictive reports for trading outcomes, providing senior management with actionable performance visibility.
- Modeled retail store performance datasets to isolate operational inefficiencies and supported regional project managers on store optimization initiatives.

EDUCATION

Bachelor of Science (BS): Accounting & Finance | **Graduated 12/2023**
Benazir Bhutto Shaheed University Lyari (BBSUL) — Karachi
